

## Keeping the Gold in Your Golden Years

Learn how to get your personal finances on track to cover future retirement expenses. In this wide-ranging workshop you'll learn what to take into account in determining how much money you will need to be financially secure in retirement. Personal strategies will be discussed for covering retirement expenses including: the role of Social Security, personal savings, employer-sponsored retirement plans, and part-time employment. Each participant will receive a free retirement planning workbook packed with useful suggestions and worksheets that will allow you to continue evaluating your retirement picture after the session is completed. You'll be encouraged by how compound interest can help your nest egg grow. Please Note: This class differs from the all-day Retirement Issues class in that it is only two hours long and focuses solely on examining an individual's finances and options for financing the retirement lifestyle each participants wants.  
Registration Deadline: One week before class.
