As an employee of the State of Vermont, you are eligible to participate in a long-term retirement investment program known as the Deferred Compensation Plan. You may elect to defer part of your wages for the purpose of contributing to a Sec. 457(b) Pension Plan as allowed by Internal Revenue Service regulations on a pre-tax or after-tax basis. Wages deferred to a Sec. 457(b) plan are not subject to either Federal or State tax withholdings, but they are subject to Social Security deductions.

Beginning 1/1/22: Annual contribution limit \$20,500 (total contributions) unless you are over 50 years of age, in which case the limit is \$27,000. Contributions will automatically stop when the maximum is reached, and automatically restart on January 1 without a new form.

If you have any questions regarding your account or investment options, or if you would like to meet with a professional retirement counselor, please contact the Prudential representative for your local area:
