Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$0 individual / \$0 family preferred provider . \$500 individual / \$1,000 family non-preferred provider . Co-insurance and co-payments do not apply to the deductible . The deductible for preferred and non-preferred providers is separate.	Generally, you must pay all of the costs from providers up to the deductible amount each plan year before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . Your plan year: 01/01/2019 through 12/31/2019. We apply any portion of your deductible that you pay for services occurring after September 30 each plan year towards your next year's deductible as well.
Are there services covered before you meet your deductible ?	Yes, non-preferred preventive mammography screenings and prescription drugs	This plan covers some items and services even if you haven't yet met the deductible amount. But a co-payment or co-insurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	Yes. \$50 individual / \$150 family prescription drug deductible .	You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services.
What is the out-of-pocket limit for this plan ?	\$2,000 individual / \$6,000 family preferred and non-preferred provider . Prescription drugs : \$750 individual / \$2,425 family (Generic, Formulary Brand, Specialty drugs); \$1,350 individual / \$2,700 family (Non-Formulary Brand drugs)	The out-of-pocket limit is the most you could pay in a plan year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, balance-billing charges, out-of-network mental health and substance abuse co-insurance and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See www.bcbsvt.com/findadoctor or call (800) 255-4550 for a list of network providers.	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral .
