Important Phone Numbers

Express Scripts Customer Service	(XXX) XXX-XXXX
-------------------------------------	----------------

Accredo Specialty	(XXX) XXX-XXXX
-------------------	----------------

TTY (For hearing impairment)	(XXX) XXX-XXXX
------------------------------	----------------

Pharmacist Use Only	(XXX) XXX-XXXX
---------------------	----------------

- You'll need it if you visit a retail pharmacy
- It has all the information you'd need in an emergency
- The customer service telephone number is located on the back of the card that you can call 24 hours a day
- Downloading the Express Scripts mobile app will give you access to an electronic card, the ability to locate a pharmacy and price your medication, and set up reminder notifications

BENEFITS OF HOME DELIVERY

- Good option for **long-term medications**
- **Save three monthly trips** to a retail pharmacy
- **24/7 pharmacist access** from the comfort of your own home
- **Free and safe delivery** of your medicine in **secure packaging** that ensures your **privacy**
- **Automatic** refills and renewals
- **Refill, renew and track your order** using the Express Scripts® mobile app or online at [express-scripts.com](https://www.express-scripts.com)
- **It's easy to start:** call the number on the back of your Express Scripts member ID card

accredo®

**A SPECIALTY
PHARMACY**

- Specialized patient care for patients with chronic and complex health conditions
- Ongoing support from pharmacists and nurses with specialized training and expertise
- Individualized counseling and education
- Patients who use Accredo receive better patient care and have healthier outcomes
- Proactive patient monitoring through regular assessments and touch points
- Exclusive mobile and online support tools for patients in specific therapy classes
- Care coordination with your entire healthcare team
- Patient assistance programs available

PRIOR AUTHORIZATION

- A program that monitors certain prescription drugs to get you the **medicine you require while reducing costs**.
- It makes sure you're getting a prescription that is suitable for the intended use and covered by your prescription plan.
- If your pharmacist tells you that your prescription needs a prior authorization (PA), it simply means that more information is needed, to see if your plan covers the drug. Only your physician can provide this information.
- To get the Prior Authorization started, please contact your doctors office.

DRUG QUANTITY MANAGEMENT

- The **right medicine** in the **right amount**
- Express Scripts will make sure that you get the drug in the amount – or quantity – considered safe and effective by the U.S. Food & Drug Administration (FDA)
- You'll get the right amounts for good health and the health of your family
- **There is nothing you need to do differently** – you'll get the recommended amount, which should last until it's time for a refill

STEP THERAPY

- Step therapy is in place to make sure you get safe and proven-effective medicine for your condition – at the lowest possible cost to you and your plan sponsor
- Here's how step therapy works:
 - A panel of independent licensed physicians, pharmacists and other medical experts work with Express Scripts to recommend medicines for the step therapy program.
 - **First-step medicines** –Generic and lower-cost brand-name medicines. They are proven to be safe and effective, as well as affordable.
 - **Second-step medicines** –Typically brand name medications. They are best suited for patients who do not respond to first-line medicines.

DRUG LIST

- Physicians and pharmacists routinely review the medications on your drug list that are covered by your prescription plan
- Generic and brand-name drugs (preferred drugs)
 - Generics typically cost less than brand-name drugs
 - Preferred drugs are proven to work in the same way as their more expensive counterparts
 - You can still fill a prescription for a non-preferred drug, but you'll have a higher copayment
 - Certain medications are excluded – which means they are not covered at all
 - Talk with your doctor about moving from non-preferred and excluded drugs to generic and preferred drugs

GENERIC PRESCRIPTIONS

- Before leaving your doctor's office, ask either your doctor or the nurse, "[Is there a generic for that?](#)"
- [Review all of your medicines regularly](#) with a doctor or pharmacist to see if new options are available
- Use the Express Scripts® mobile app or visit [express-scripts.com](https://www.express-scripts.com) to [find a generic or price a medication](#)

THE EXPRESS SCRIPTS® MOBILE APP

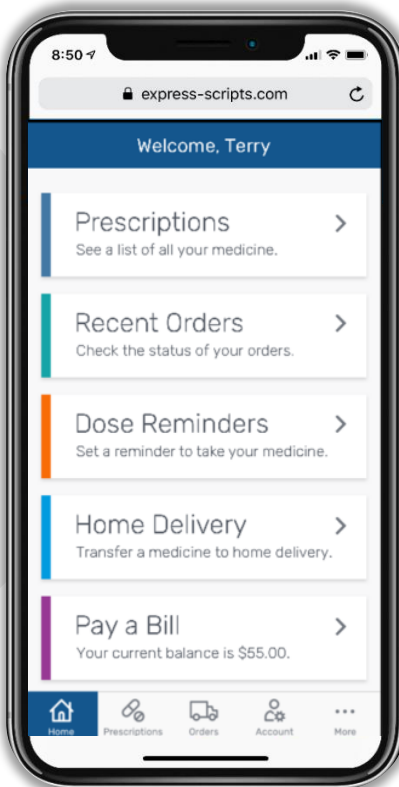

Download it for free

Search for “Express Scripts” & use the same username and password to access the mobile app and express-scripts.com

Pharmacy info

Price medications between pharmacies & locate a pharmacy near you

Home delivery info

Renew & refill home delivery prescriptions, track the status and transfer prescriptions to home delivery

Other helpful tools

Access your member ID card virtually, view your past prescription activity, get reminder notifications

Registration is easy.

Create an online account to manage your prescriptions, check order status and transfer your prescriptions to home delivery. TRICARE beneficiaries must register at the TRICARE website.
Already registered? To access your account, log in now. All fields required for registration.

Catherine, just one more step.

Now that you have verified your membership, create your account by filling out the form below. We will use the username and password entered the next time you return.

Username

We recommend using your email address as your username so it's easy to remember later.

Password

Strength: Weak
Minimum of at least 6 characters

Confirm Password

Password Hint

If you cannot remember your password later, we'll show you this after you authenticate to help you remember.

Security Question

If later you need to recover your account, you will be asked this.

Your Answer

EXPRESS SCRIPTS®

Welcome, Chris
