What Does "POS" Mean?

- The "SelectCare POS Plan" is a "Point-of-Service" (POS) plan. In this plan, you decide whether or not to use a network doctor or hospital at the **"point of service"**, meaning, each time you use a medical service. When you use a network provider, the plan is similar to an HMO, with no annual deductible and small copay per visit.

It's Your Choice

- You get access to quality care at the lowest out-of-pocket costs available under your plan by having your care coordinated through your Primary Care Physician and by seeing network providers. You also get the **freedom to choose** providers who aren't part of the network. Your copays are lowest when you see participating providers, but you're still covered for visits to non-network providers at a higher cost share.

Important Medical Plan Features

- You may choose a Primary Care Physician (PCP) – your personal doctor -- to coordinate your care. As your needs change, you may change your Primary Care Physician for any reason.
- **Preventive care services** for every covered family member and paid at 100%.
- See a participating OB/GYN – **no referral** required.
- **Emergency and urgent care are covered** wherever you go, worldwide, **24 hours a day**.

Drug Plan

- The program is administered by Express Scripts, Inc. The annual deductible is $50 per covered person per year. The plan covers 90% of the cost of generic drugs, 80% of the cost of preferred brand drugs and 60% of the cost for non-preferred brand drugs. The maximum out-of-pocket cost per individual per year is $800 (which includes the deductible). **40% copay drugs do not contribute to the maximum out of pocket limit.** At the local pharmacy, you show you drug plan card and pay your copay; the State is automatically billed for the balance of the cost. The drug plan also features a mail order option, with the convenience of direct home delivery for long-term maintenance drugs.
