

SOV Employees COVID-19 Test Kit Distribution & Collection Sites List

Binx COVID-19 PCR test kits are available for all State of Vermont employees at these sites during the day and hours of operations listed. These test kits are available to **State of Vermont employees only** and cannot be used by anybody other than the employee. The days and times of sites operations are subject to change; efforts will be made to provide advance notice on DHR's [State Employee and Manager COVID-19 Information Resources](#) if a temporary or permanent scheduling change is being made. Instructions on how to create a Binx account and how to perform the self-administered test are available within the test kit packaging and at the sites. Employees required to test weekly must continue to collect the kit and drop off their completed sample at the test sites previously assigned to them.
